

CITÉ DE L'ESPACE - SPACE CITY

HALF DAY VISIT

"Located in Toulouse, Europe's space capital, the Cité de l'espace is a unique and lively place for sharing space adventures. The Cité de l'espace, which spans 5 hectares, has welcomed over five million visitors in its fifteen years of existence; it is Europe's premier astronomy and space science culture center."

Several different activities are available during the visit including:

- the discovery of an actual spacecraft
- a visit in a reproduction of the International Space Station
- the chance to experience the sensation of gravity on the moon and mars
- the exploration of space in the planetarium
